Sub : Upgradation and Renovation of Sulabh Toilet Complex at
Vile Parle, Opp. Mithibai College,

Sir,

We appreciate the initiative of M/s. Wallem Shipmanagement Pvt. Limited for accepting our offer for undertaking the Renovation/Upgradation work of Sulabh Toilet Complex at the prime location of Western Suburb, we will fulfill the desire by your Company for creating this Model in "Clean India Campaign" of Government of India . We will undertake this job with proper professional way and will implement under our Chief Architect, with keeping in view the contemporary **Modern Public Toilet** designs and Sulabh Wishers to Usher in a New Era of Public Conveniences in Mumbai , which could become an ICON in Urban Civic Infrastructure.

In this Public toilet by Sulabh aims to offer pleasant environment in its user friendly modern public conveniences with save **Add on Services** to the visitors keeping in mind their needs at this specific location.

- The contemporary modern design of interior and exterior superstructure and fittings with permanent finishing is to clean and maintain.
 - External façade design in combination of Alluminium Composite Panel and Ceramic Tiles.
 - Accessibility of Physical Challenge person.
 - Water less urinals to Save Water.
 - Greenery in surrounding area.
 - The use of adequate natural day light energy resource efficient fittings like LED Lights , use of waterless urinals will contribute towards ecological sustainability for health society and greenery concept of life.
 - Sanitary Napkin Vending Machine with Incinerator in ladies section.
 - Interior design layout of fabrication toilet floor and colour combination of ceramic tiles (24"/12") preferably of Kajaria Ceramic Limited.
 - Sturdy considering wear and tear design of Alluminium powder coated frames and shutters.'
 - Sulabh will arrange to permanently display your Corporate name and the logo at the visible site in the front façade of the toilet building which will in turn, enhance social image and goodwill for your Company, giving lot of mileage
- Our standard terms of payment in this CSR Project, agreed by all these

Sponsorers are as under:

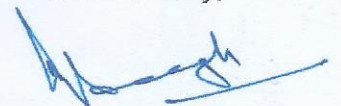

1. 50% First Advance (inclusive of 15% Implementation Charge over estimated cost) along with work order before starting the work.
2. 40% Second Advance (inclusive of 15% Implementation Charge over estimated cost) on completion of 50% work within 7 days.

3. 10% (inclusive of 15% Implementation charges) Final Payment within 15 days after submission of our Final Bill and adjustment of earlier advances received by Sulabh International Social Service Organisation.

The entire Upgradation/Renovation works we will complete within the span of 3 months time because this toilet block is in use by thousands of people from the vicinity and also by the floating population. We need to carry out the work in Phase Manner, so that beneficiaries will not affect since this is not to other facilities in the vicinity.

With regards,

Yours faithfully,

(Nirmal Kumar Singh)
Hony. Controller
